MANAGEMENT DISCUSSION AND ANALYSIS

OVERVIEW OF INDIAN ECONOMY

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships. India's appeal as a destination for investments has grown stronger and more sustainable because of the current period of global unpredictability and volatility, and the record amounts of money raised by India-focused funds in 2022 are evidence of investor faith in the "Invest in India" narrative.

The Indian economy is on a strong wicket and stable footing, demonstrating resilience in the face of geopolitical challenges. The Indian economy has consolidated its post-Covid recovery with policymakers – fiscal and monetary – ensuring economic and financial stability. Nonetheless, change is the only constant for a country with high growth aspirations. For the recovery to be sustained, there has to be heavy lifting on the domestic front because the environment has become extraordinarily difficult to reach agreements on key global issues such as trade, investment and climate.

Strong economic growth in the first quarter of FY23 helped India overcome the UK to become the fifth-largest economy after it recovered from the COVID-19 pandemic shock. Nominal GDP for FY25 is estimated at Rs. 33.10 lakh crore (US\$ 3.8 trillion) with growth rate of 9.9%, compared to Rs. 30.12 lakh crore (US\$ 3.5 trillion) in FY24. Strong domestic demand for consumption and investment, along with Government's continued emphasis on capital expenditure are seen as among the key driver of the GDP in the second half of FY25. In FY25, India's exports stood at Rs. 37.31 lakh crore (US\$ 433.56 billion), with Engineering Goods (26.88%), Petroleum Products (13.86%) and electronic goods (8.89%) being the top three exported commodity. Rising employment and increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

For a resilient economy, the health sector is vital. A sound healthcare system is interconnected with long-term factors responsible for inclusive growth, such as ensuring the quality of human capital and labour productivity, higher household savings, avoiding the poverty trap due to catastrophic health expenditure, and building the capability to withstand any health shocks such as COVID-19. In that spirit, the Indian health system has been consistently revamped.

The Government is committed to ensuring sound health and well-being of all ages through a preventive and promotive healthcare orientation in all developmental policies and universal access to good quality healthcare services. To this end, the Government is implementing various schemes and programmes and initiatives such as:

1. Ayushman Bharat Pradhan Mantri Jan Aarogya Yojana (AB-PMJAY) (2018)
2. PM Jan Aushadhi Kendras
3. AMRIT (Affordable Medicines and Reliable Implants for Treatment)
4. Ayushman Bhav Campaign (Sep 2023)

- 
5. Ayushman Bharat Digital Mission (ABDM) (2021)
 6. eSanjeevani (2019)

OUTLOOK

Healthcare innovation in India, currently a US\$ 30 billion opportunity led by pharma services and healthtech, is seeing increased investment in medtech and biotech. With rising consumerization of health, global value chain changes, and regulatory support, this innovation opportunity is projected to reach US\$ 60 billion by FY 2028, alongside ecosystem shifts like consolidation and new partnerships.

The World Bank's Logistics Performance Index (LPI) CY23 has ranked India at 38th position (out of 139 economies), recording an improvement of 6 positions. As of FY24, the Indian healthcare sector is one of India's largest employers as it employs a total of 7.5 million people. Progress in telemedicine, virtual assistants, and data analytics is expected to create 2.7-3.5 million new tech jobs. A recent research report predicts that the integration of Artificial Intelligence (AI) within the Indian healthcare sector will create nearly 3 million new jobs by 2028. The number of allopathic doctors with recognised medical qualifications (under the I.M.C Act) registered with state medical councils/national medical council increased to 1.3 million in November 2022, from 0.83 million in 2010. As of 2023, the number medical colleges in India stood at 706.

1. INDUSTRY STRUCTURE AND DEVELOPMENT

Healthcare has become one of India's largest sectors, both in terms of revenue and employment. Healthcare comprises hospitals, medical devices, clinical trials, outsourcing, telemedicine, medical tourism, health insurance and medical equipment. The Indian healthcare sector is growing at a brisk pace due to its strengthening coverage, services, and increasing expenditure by public as well private players.

India's healthcare delivery system is categorised into two major components - public and private. The government, i.e., public healthcare system, comprises limited secondary and tertiary care institutions in key cities and focuses on providing basic healthcare facilities in the form of Primary Healthcare Centers (PHCs) in rural areas. The private sector provides majority of secondary, tertiary, and quaternary care institutions with major concentration in metros, tier-I, and tier-II cities.

India's competitive advantage lies in its large pool of well-trained medical professionals. India is also cost competitive compared to its peers in Asia and western countries. The cost of surgery in India is about one-tenth of that in the US or Western Europe. The low cost of medical services has resulted in a rise in the country's medical tourism, attracting patients from across the world. Moreover, India has emerged as a hub for R&D activities for international players due to its relatively low cost of clinical research.

Market Size

The government has allocated Rs. 99,858 crore (US\$ 11.50 billion), which is 1.9% of GDP in the Union budget 2025-26 for the development, maintenance, and enhancement of the country's healthcare system, reflecting a 9.78% increase from the previous allocation of Rs. 90,958 (US\$ 10.47 billion) crore in FY25.

Healthcare has become one of India's largest sectors, both in terms of revenue and employment. The industry is growing at a tremendous pace owing to its strengthening coverage, service and increasing expenditure by public as well private players. The health-tech sector is set for significant expansion, with hiring projected to rise by 15-20% in FY24, reflecting the increasing demand for innovative healthcare solutions and the integration of technology in medical services.

The healthcare profit pools will grow at a 4% CAGR from US\$ 654 billion in FY21 to US\$ 790 billion in FY26. The total industry size is estimated to be at US\$ 372 billion in FY23. The Indian healthcare market, which was valued at US\$ 110 billion in 2016 is now projected to reach US\$ 638 billion by FY25.

The e-health market size is estimated to reach US\$ 10.6 billion by 2025. In FY24, DNA Wellness announced a Rs. 200 crore (US\$ 23.98 million) investment to establish over 100 cervical cancer screening labs across India by FY27. They have exclusive rights to the CERViSure DNA Ploidy Test, a quick and non-invasive cancer detection method. The first lab opened in Ahmedabad, with more planned in Vadodara, Rajkot, and Surat by October 2024. This initiative aims to improve access to cervical cancer screening, addressing the significant health burden of approximately 130,000 new cases and 80,000 deaths annually in India.

Road Ahead

The healthcare sector, as of 2025, is one of India's largest employers, employing a total of 7.5 million people. The demand for Indian healthcare professionals is expected to double nationally and globally by 2030 due to a shortage of healthcare workers in India, where there are only 1.7 nurses per 1,000 people and a doctor-to-patient ratio of 1:1,500 nationwide.

The Government aims to develop India as a global healthcare hub. Public health surveillance in India will further strengthen the health systems. The Interim Budget 2024-25 emphasizes healthcare infrastructure by increasing the allocation for the Pradhan Mantri Ayushman Bharat Health Infrastructure Mission (PMABHIM) from Rs. 2,100 crore (US\$ 251 million) to Rs. 4,108 crore (US\$ 492 million), alongside plans to establish more medical colleges utilizing existing hospital infrastructure.

2. OPPORTUNITIES AND THREATS

The Indian medical devices sector has witnessed remarkable growth in recent years and is expected to reach Rs. 4,34,350 crore (US\$ 50 billion) by FY31 driven by increasing demand for quality healthcare, advancements in technology, and favorable government policies. Start-ups in this sector have been instrumental in fostering innovation, improving accessibility, and reducing costs.

On January 6, 2021, Dr. Harsh Vardhan, the Minister for Health & Family Welfare, released INDIA REPORT on Longitudinal Ageing Study of India (LASI) Wave-1. He stated that this report will be used to further improve and expand the reach of the 'National Elderly Health Care' network and

contribute to the implementation of a spectrum of preventive and healthcare services for the elderly and vulnerable population.

Additional three million beds will be needed for India to achieve the target of 3 beds per 1,000 people by FY25. Also, India will have one doctor to every 800 patients by FY30. India currently holds the fourth position in attracting VC funding to the health-tech sector, with investments of US\$ 4.4 billion between 2016-21, with US\$ 1.9 billion invested in 2021 alone. DocPlix, a health-tech startup, raises Rs 1.2 crore (US\$ 0.14 million) in a bridge round led by Inflection Point Ventures (IPV), aiming to digitize health records for India's 1.4 billion population and enhance healthcare accessibility.

3. SEGMENT-WISE / PRODUCT-WISE PERFORMANCE:

The company operates in the single segment i.e. Health Care and Hospital. The total revenue from operations is ₹ 57.73 lakhs in FY 2024-25 as compared to ₹ 1351.45 lakhs in FY 2023-24. The Profit before interest and taxes is ₹ 9.92 lakhs in the FY 2024-25 as against loss of ₹ 226.59 lakhs for the FY 2023-24

4. OUTLOOK FOR FY 25-26

- We plan to expand our network into markets;
- We intend to maximize our operational efficiency by achieving greater integration and by implementing a stronger supply chain management.

5. RISK AND CONCERN

The Company's ability to foresee and manage business risks is crucial in achieving favourable results. Risk management at Global Longlife Hospital and Research Limited is an integral part of the business, focusing to mitigate the adverse impact of risks on business objectives. The Company has laid down a well-defined risk management procedure covering the risk identification, risk exposure, potential impact and risk mitigation process. The Board periodically reviews the risks and suggests steps to be taken to control and mitigate the same through a properly defined framework.

6. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has an adequate internal control system adopted for operating procedures, policies and process guidelines. The guidelines are well-documented with clearly defined authority limits corresponding with the level of responsibility for each functional area. Further, the Company has budgetary control system to monitor expenditure against approved budgets on an ongoing basis. The Company's robust internal audit programme which works to conduct a risk-based audit not only tests the adherence to laid down policies and procedures but also suggests improvements in the current processes and systems.

7. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The Financial performance of the company during the FY 2024-25 as compared to FY 2023-2024 is as under:

(Rs. In Lakhs)			
Particulars	2024-2025	2023-2024	% of Increase/Decrease
Gross Revenue from operations	57.73	1351.45	-95.73
Profit Before Tax	9.92	(226.59)	104.37
Profit after Tax	19.87	(218.81)	109.08

Operational Performance

The Company continued to focus on improving operational efficiency leading to better returns for the shareholders. Further, the company has significantly enhanced its operational performance by establishing prudent risk management framework.

8. MATERIAL DEVELOPMENT IN HUMAN RESOURCES/INDUSTRIAL RELATIONSHIP FRONT, INCLUDING NUMBER OF PEPOLE EMPLOYED

INDEPENDENT AUDITOR'S REPORT

To the Members of
GLOBAL LONGLIFE HOSPITAL AND RESEARCH LIMITED

I. Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **GLOBAL LONGLIFE HOSPITAL AND RESEARCH LIMITED** Company ("the Company"), which comprise the balance sheet as at 31st March, 2025, the statement of profit and loss for the year end and the statement of cash flows for the year ended on that date, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025 and its profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have nothing to communicate in this regard.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report, but does not include the Financial Statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

R. B. Gohil & Co.

Chartered Accountants

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

1. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error,

as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

R. B. Gohil & Co.

Chartered Accountants

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
2. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 3. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 4. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

II. Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), as amended, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to extent applicable.
2. As required by section 143 (3) of the Act, we report that:
 - a. we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - d. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e. On the basis of written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B"
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act

- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

“Annexure B” to the Independent Auditor’s Report

(Referred to in paragraph 2 (f) under ‘Report on other legal and regulatory requirements’ section of our report to the Members of **GLOBAL LONGLIFE HOSPITAL AND RESEARCH LIMITED** of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **GLOBAL LONGLIFE HOSPITAL AND RESEARCH LIMITED** (“the Company”) as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes forming part of the Financial Statements

1 COMPANY INFORMATION

GLOBAL LONGLIFE HOSPITAL AND RESEARCH LIMITED ("The Company" converted in to Limited from Private Limited in the month of August 2021) is a limited company limited by shares which was incorporated in the year 2012 under the provision of Companies Act, 1956. The company is Multispecialty Hospital providing Medical & Allied Services. The company was established on the basis of innovative idea of Director Mr. Suresh Babulal Jani. On 04th May,2022 the equity shares of the Company have been listed on the SME Platform of Bombay Stock Exchange Limited.

2 SIGNIFICANT ACCOUNTING POLICIES

a Basis of Preparation

These financial statements have been prepared in accordance with the Generally Accepted Accounting Principles in India ('Indian GAAP') to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, as applicable. The financial statements have been prepared under the historical cost convention on accrual basis, except for certain financial instruments which are measured at fair value.

b Use of Estimates

The preparation of financial statements requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and reported amounts of income and expense during the year. Examples of such estimates include provisions for doubtful receivables, provision for income taxes, the useful lives of depreciable Property, Plant and Equipment and provision for impairment. Future results could differ due to changes in these estimates and the difference between the actual result and the estimates are recognised in the period in which the results are known / materialise.

c Property, Plant and Equipment

Property, Plant and Equipment are stated at cost, less accumulated depreciation / amortisation. Costs include all expenses incurred to bring the asset to its present location and condition.

d Depreciation and amortization

In respect of Property, Plant and Equipment (other than freehold land and capital work-in-progress) acquired during the year, depreciation/amortisation is charged on a straight line basis so as to write-off the cost of the assets over the useful lives.

Type of Assets	Period
Buildings	30 Years
Plant and Equipment	15 Years
Medical Equipment & Plant	13 Years
Furniture and Fixtures	10 Years
Electrical equipment	5 Years
Computers	3 Years
Software	3 Years

e Impairment of assets

At each balance sheet date, the management reviews the carrying amounts of its assets included in each cash generating unit to determine whether there is any indication that those assets were impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the asset. Reversal of impairment loss is recognised as income in the statement of profit and loss.

f Investment

Long-term investments and current maturities of long-term investments are stated at cost, less provision for other than temporary diminution in value. Current investments, except for current maturities of long-term investments, comprising investments in mutual funds, government securities and bonds are stated at the lower of cost and fair value.

g Inventories

Raw materials are carried at the lower of cost and net realisable value. Cost is determined on a weighted average basis. Purchased goods-in-transit are carried at cost. Work-in-progress is carried at the lower of cost and net realisable value. Stores and spare parts are carried at lower of cost and net realisable value. Finished goods produced or purchased by the Company are carried at lower of cost and net realisable value. Cost includes direct material and labour cost and a proportion of manufacturing overheads.

h Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amount of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

i Revenue recognition

Revenue from the sale of goods are recognised upon delivery, which is when title passes to the customer. Revenue is reported net of discounts.

Dividend is recorded when the right to receive payment is established. Interest income is recognised on time proportion basis taking into account the amount outstanding and the rate applicable.

j Employee Benefits

Post-employment benefit plans

Contributions to defined contribution retirement benefit schemes are recognised as expense when employees have rendered services entitling them to such benefits.

For defined benefit schemes, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in full in the statement of profit and loss for the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested, or amortised on a straight-line basis over the average period until the benefits become vested.

The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, and as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

Other employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service. These benefits include compensated absences such as paid annual leave, overseas social security contributions and performance incentives.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

k Foreign currency transactions

Income and expense in foreign currencies are converted at exchange rates prevailing on the date of the transaction. Foreign currency monetary assets and liabilities other than net investments in non-integral foreign operations are translated at the exchange rate prevailing on the balance sheet date and exchange gains and losses are recognised in the statement of profit and loss. Exchange difference arising on a monetary item that, in substance, forms part of an enterprise's net investments in a non-integral foreign operation are accumulated in a foreign currency translation reserve.

l Taxation

Current income tax expense comprises taxes on income from operations in India and in foreign jurisdictions. Income tax payable in India is determined in accordance with the provisions of the Income Tax Act, 1961. Tax expense relating to foreign operations is determined in accordance with tax laws applicable in countries where such operations are domiciled.

Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax after the tax holiday period. Accordingly, MAT is recognised as an asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with it will fructify.

Deferred tax expense or benefit is recognised on timing differences being the difference between taxable income and accounting income that originate in one period and is likely to reverse in one or more subsequent periods. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction for relevant tax paying units and where the Company is able to and intends to settle the asset and liability on a net basis.

The Company offsets deferred tax assets and deferred tax liabilities if it has a legally enforceable right and these relate to taxes on income levied by the same governing taxation laws.

m Provisions, Contingent liabilities and Contingent assets

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised in the financial statements. A contingent asset is neither recognised nor disclosed in the financial statements.
